## NORWEGIANS DISCUSS RELIEF OF AMUNDSEN

### CABINET CALLED BUT REACHES NO DECISION

MINISTER OF DEFENSE COMPLETES PREPARATIONS FOR RELIEF WORK

MORE THAN WEEK HAS PASSED SINCE EXPLORER "JUMPED OFF"

(By United Press)  
Oslo, Norway, May 29.—A meeting of the Norwegian cabinet was called for today to discuss the question of relief for the Amundsen-Ellsworth polar air expedition.

The cabinet session reached no decision regarding the expedition, but the minister of defense is completing preparations for one.

More than a week now elapsed since the Amundsen party jumped off from King's Bay, Spitzbergen, and no word has come of them. In view of this situation, relief measures are being contemplated.

United Press learns that preparations for a Norwegian relief expedition are in full swing. Trained fliers are in readiness. The same ones who were in the 1923 rescue flight at Spitzbergen when Amundsen's proposed flight from Alaska across the Pole was postponed.

Since Amundsen left instructions that a few weeks might elapse before anxiety need be felt, it is probable any relief expedition would devote itself to scouting the ice near Spitzbergen in case Amundsen has attempted to return to the base.

### ALGARSSON ABANDONS HIS FLIGHT TO POLE

Liverpool, May 29.—Plans of Gretter Algarsson for a flight to the North Pole have been abandoned and he will concentrate on finding Captain Roald Amundsen instead of his original plans, it was announced today.

### SCHOOL TEACHER IN \$50,000 SUIT

SUES HIBBING CITY, CLAIMING SHE WAS SHOT IN ANKLE BY SMALL CANNON

(By United Press)  
Hibbing, Minn., May 29.—Miss Elinore Rowett, Hibbing school teacher, yesterday filed a \$50,000 damage claim against the City of Hibbing for injuries suffered when she was shot in the ankle by a small cannon shot by a St. Paul Rotarian during the recent state convention.

The complaint alleges the city was negligent in allowing the cannon to be fired on a public street. It is understood that the Rotary Club agreed to pay all hospital bills and reimburse her for salary lost. She has been confined in the hospital for the past month.

### ALLIES MAY ASK PERSHING TO ACT AS AN ARBITRATOR

(By United Press)  
Berlin, May 29.—The allies, according to persistent reports in diplomatic circles, contemplate inviting General Pershing to accept the post of arbitrator in the allied-German disarmament controversy. Pershing would not be welcome to Germany, Defense Minister Gessler told the United Press today. Asked how he would view the calling in of the American commander to determine the status of Germany's armament and thereby settle the question of whether Germany is or is not armed, Gessler replied:

"I cannot answer directly because the question not only affects my ministry, but also other ministries, as well as the individual German states. Personally, however, I can say that Germany always has welcomed America's efforts to contribute to a settlement of European difficulties. Moreover, I would like to declare that General Pershing enjoys a widespread esteem of Germany and the mention of his name as arbitrator certainly is not unwelcome in view of his qualifications."

### 6 HENDERSON SCHOLARS HURT, CAR OVERTURNED

(By United Press)  
Henderson, Minn., May 29.—Six Henderson high school students were injured, two seriously, in an automobile accident as they started on a drive after graduation exercises late yesterday. The car overturned and pinned the occupants underneath. Passing motorists, attracted by the cries for help, brought the students into town.

### U. S. WOMEN TO AID DEFENSE OF THE NATION

WAR DEPARTMENT CONSIDERS FORMATION OF WOMEN'S ARMY SERVICE CORPS

EXPERIENCE OF GREAT BRITAIN HAS BEEN A HELPFUL ONE

(By LUDWELL DENNY)  
(United Press Staff Correspondent)  
Washington, May 29.—Organization of a Women's Army Service Corps, regularly uniformed and enlisted, is being considered by the war department as an integral part of its permanent defense plans. Preliminary study and investigation of the proposal has been completed by the War College here.

Elaborate reports on the basis of questionnaires sent out by the General Staff have been made by the corps area commanders. Under the present tentative plan non-combatant services engaged in by women during the world war will be coordinated and extended.

Use of women in actual fighting is not now contemplated. The twofold object is, rather, to release soldiers now in non-combatant service for combat, and to increase the efficiency of the army.

Military occupations specified for women will include cooks, dietitians, nurse, welfare workers, clerks, telephone and telegraph operators, laundresses, matrons, tailors, post exchange workers and reclamation service employees.

A study of the 90,000 women serving with the U. S. Army during the world war has revealed unsatisfactory methods of recruiting regulation and coordination, which the General Staff is now trying to correct in its general Mobilization Plan.

In the new plan, the war experience of Great Britain has been found helpful according to officers here in charge of the women's service. They point out that in 1917 the British War Office directed the organization of the Women's Army Auxiliary Corps—"Queen Mary's Corps"—to substitute women for men in certain positions at home, at the bases and in the line of communication overseas. This corps, which attained a strength of 250,000, was a part of the British Army and functioned under army orders with the greatest efficiency and success.

Substitution of trained women cooks for inexperienced male regimental cooks materially increased the efficiency of the troops, it was proved.

Apart from such obvious occupations in which women can serve with the army, the General Staff investigation includes a study of other branches hitherto engaged in only by men. Corps area commanders are carrying out tests to measure the relative efficiency of men and women in all non-combatant branches.

Certain problems remaining to be worked out, include the following:

1. Shall all women in military service, or only the part actually operating with troops, be an integral part of the army under military discipline and orders?

2. Shall women units be coordinated vertically under a women's corps for the entire army, or horizontally under existing military

### GOVERNMENT FOLLOWS SAME LINES IN SUIT

M. J. JOHANNES, OF DEPARTMENT OF JUSTICE, TESTIFIES IN LOPEZ-FRAZIER CASE

QUOTES LOPEZ-FRAZIER AS STATING HE IS NOT FRAZIER

(By United Press)  
Minneapolis, May 29.—Government defense witnesses in the Arthur Lopez-Frazier identification suit being heard in federal district court continued along the same lines of the past few days.

M. J. Johannes, head of the department of justice investigators in Minneapolis, this forenoon told the story of Lopez-Frazier's alleged confession to Veteran's Bureau and department of justice officials in which he was quoted as having admitted that he was not Arthur Frazier, the world war veteran supposedly killed during action in France.

"I knew all the time I wasn't Frazier, but I had no home and I was crippled and had no way of getting medical care," Johannes quoted Lopez-Frazier as saying.

### 30 BODIES RECOVERED FROM MINE

ALL HOPE OF RESCUING ANY ALIVE FROM CAROLINA COAL CO. MINE ABANDONED

FEDERAL MINE EXPERTS SUPERINTEND RESCUE WORK AT SANFORD, N. C.

(By United Press)  
Sanford, N. C., May 29.—Thirty bodies have been removed from the shaft of the Carolina Coal Company mine near here and all hope of rescuing alive the others trapped in the mine by Wednesday's explosion has been abandoned. Mine officials believe probably 24 remain to be rescued.

The work of retrieving the bodies and bringing them to the surface is progressing swiftly under the direction of the federal mine rescue experts from Thomas, W. Va. Twelve bodies were brought up during the night and mine officials believe the others will be removed today.

### Annual Encampment of G. A. R. and W. R. C. Huron, S. D., June 2-4

Huron, S. D., May 29.—The Grand Army of the Republic, department of South Dakota, and its allied organization, the Woman's Relief Corps, will hold its 42nd annual encampment here June 2, 3 and 4. Commander H. B. Smith of Madison will preside.

commands with which they are to be merged?

3. Is voluntary enlistment or selective draft and conscription the more effective method in recruiting women?

4. Should women officers be accepted solely on grounds of technical proficiency in one profession, or be given a minimum of general military training enabling them to coordinate their respective branches with the entire military establishment in wartime?

5. Shall the compensation of women be equal or less than for men in similar service?

6. To what extent will a combined male and female army create difficult housing and social problems and how to solve those difficulties?

While the war department is carefully feeling its way in many aspects of the problem, the general principle of wider and more scientific use of women in the army has been established.

### ELK HILLS OIL RESERVE CASE TO HIGHEST COURTS

APPEAL TO BE TAKEN OF DECISION AGAINST E. L. DOHENY AND COMPANY

JUDGE IN SUIT WROTE DECISION AFTER A YEAR OF DELIBERATION

(By United Press)  
Los Angeles, May 29.—Plans are in preparation to appeal to the highest courts the so-called Elk Hills Oil Reserve case in which the government yesterday was awarded a decision against E. L. Doheny and his Pan-American Oil Company. Decision in the case was handed down by Paul J. McCormick, judge in the federal district court here after nearly a year of deliberation.

The decision states that Doheny and his oil company must return to the government title to the Elk Hills reservation in California which he secured through a lease given by Albert B. Fall when Fall was secretary of the interior.

The decision stamps as a "fraud" and against good morals and public policy the "loan" of \$100,000 which evidence at the trial showed Doheny paid to Fall at the time of the lease. Practically all of the disputed points were decided in favor of the government.

The decision comments on the claim of the defense and of Admiral J. K. Robinson of the navy that the leasing negotiations were kept secret for military purposes, as follows:

"The reason and purpose of said agreement for secrecy was in order that congress and the public should not know what was being done and was not for military reasons."

The court held that the government is entitled to cancellation of the lease both on account of "fraud and conspiracy" and because the lease was given under an illegal transfer of authority over the reserve from the navy to the interior department.

That the payment of \$100,000 by Doheny to Fall constituted a "fraud upon the United States of America." That it is necessary to continue the receivership of the Elk Hills naval reserve and that a special master in chancery must be named to operate the oil properties until final decision is made in the court.

### 2 KILLED, 12 HURT CAR ACCIDENTS IN TWIN CITIES

(By United Press)  
St. Paul, May 29.—Two persons were killed and 12 injured, two seriously, in a series of automobile accidents in the Twin Cities late yesterday.

Mrs. Hannah Malvig, 62, Minneapolis, was killed when she was run down by an automobile while crossing the street. She died before reaching the hospital.

Elmer Jensen, 26, St. Paul, was crushed when his automobile overturned near the Fort Snelling reservation, pinning him underneath. Seven other occupants of the car were slightly injured.

Five persons were injured in three other traffic mishaps.

### ASKS DEPARTMENT AGRICULTURE TO KEEP MOUTH SHUT

MANAGER OF FARMERS PRODUCING ASSOCIATION BECOMES AROUSED

OBJECTS TO GOVERNMENT STATISTICS BROADCAST ON POTATO ACREAGE

(By United Press)  
North Branch, Minn., May 29.—C. W. Peterson, manager of the North Branch Farmers Producers Association yesterday telegraphed the Department of Agriculture to "keep its mouth shut" to protect the farmers of the northwest.

"I couldn't say much in a telegram, so I just told the department to keep its mouth shut about the potato acreage," Peterson said. "The department says there will be a 4 per cent increase in the potato acreage this year. There will be a 10 per cent increase around here. If other farmers think there will be an increase, they will plant more potatoes and be in a bad fix again. Potato growers have lost money for the last few years and we are trying to make a little this year. We may if we are let alone."

### ROBERT WHITE, MISSING MAN, WRITES LETTER

MUCH SOUGHT WITNESS OF THE STATE IN SHEPHERD CASE HEARD FROM

ADDRESSED MISSIVE TO A CHICAGO NEWSPAPER, AS TO WHY HE LEFT CHICAGO

(By United Press)  
Chicago, May 29.—Charges by State's Attorney Robert E. Crowe that witnesses for the state in the William Shepherd murder trial have been offered bribes was given fresh belief today by receipt of another letter from Robert White who has been missing for two weeks.

White, one of the state's strongest witnesses against Shepherd, posted the letter at Philadelphia on May 26th. It was addressed to a Chicago newspaper and turned over at once to Crowe.

"They tried to push \$5,000 into my hands, but I refused. I was so worried I had to leave Chicago," White said in his letter.

Crowe has been on White's trail in New York and believes the missing witness induced some friend to mail the letter in Philadelphia.

"The more I look into this case, the more convinced I become there is treachery afoot. Everyone that I find guilty of attempts to bribe jurors or witnesses will be prosecuted to the full extent of the law," Crowe said.

### "SUNSHINE SPECIAL" IN WRECK GLOOM

3 KILLED, SCORE INJURED IN ACCIDENT NEAR LONGVIEW, TEXAS

(By United Press)  
Longview, Texas, May 29.—Three persons were killed and a score injured in the wreck of the International & Great Northern Sunshine Special, a Galveston to St. Louis train, which left the tracks and plunged down an embankment near here last night.

The known dead are Lem Tarbuton, 65, engineer; F. S. Griffith, 35, fireman; one negro, unidentified.

The majority of the injured were negroes. Eleven coaches were derailed.

### 2 KILLED WHEN AIRPLANE CRASHES DOWN AT ERIE, PA.

(By United Press)  
Erie, Pa., May 29.—Two were killed today when an airplane piloted by a man named Sullivan, a former army flier, carrying an unidentified passenger, crashed from a great height.

### 263 FURNITURE MANUFACTURERS ARE INDICTED

FEDERAL GRAND JURY IN CHICAGO TAKES SWEEPING ACTION

CHARGES VIOLATION OF THE SHERMAN ANTI-TRUST ACT

(By United Press)  
Chicago, May 29.—The most sweeping action of its kind ever taken was when the May federal grand jury here returned indictments against 263 manufacturers on charges of violation of the Sherman Anti-Trust act.

The indictments charge price fixing and curtailing of production to maintain high prices and destroy competition.

Besides indicting 263 individual manufacturers, the jury also indicted the six secretaries and assistant secretaries of the National Refrigerator Manufacturers' Association, the National Alliance of Furniture Manufacturers and the National Association of Chair Manufacturers.

The various organizations involved do an annual business of \$110,000,000, the indictments point out.

Investigation of the industry was started several months ago to determine why furniture prices are from 100 to 250 per cent higher than the pre-war levels and how they have been kept up in the face of partial deflation of prices of other commodities.

Approximately 2,000 furniture dealers were called before the grand jury and books from scores of concerns were seized in the hunt for evidence to support charges that a trust existed in that prices were fixed and competition stifled.

The refrigerator and chair concerns are charged with unlawful price fixing and the three group manufacturers of piece goods, radio cabinets, clock faces, dining and bedroom furniture are charged with price fixing and curtailment of production.

### DISABLED VETERANS TO MARCH IN OMAHA

(By United Press)  
Omaha, Neb., May 28.—A line of sightless men, smiling and confident, members of Blind Veterans' chapter, Disabled American Veterans of the World War, of Atlantic City, N. J., will head the colorful convention parade of the nation's wounded and disabled world war veterans Tuesday, June 23, the second day of the fifth annual national convention of the Disabled American Veterans, here, June 22 to 27.

Following the blinded veterans will parade the legless and armless, those who have suffered and are still suffering serious internal injuries, and many thousands of other wounded and disabled world war heroes.

The division will be headed by National Commander Frank J. Irwin of New York City, wounded wearer of the distinguished service cross, and Past National Commanders and the National Officers of the disabled men's society. Dr. George Calvert of Syracuse, N. Y., national chief of staff, whose eyes were shot out at Chateau Thierry in the spring of 1918, and Rabbi Aaronsohn of Cincinnati, the blinded national chaplain of the D. A. V. of W. W., whose eyes were destroyed in the Argonne offensive of 1918's summer, when he was carrying a wounded comrade to safety, will command the unit of blind veterans marching in the parade.

### TO BE CREATED BY THE EXECUTIVE ORDER OF COOLIDGE

GEN. LORD, DIRECTOR OF THE BUDGET, MAKES STATEMENT

POST WILL HAVE TITLE OF "COORDINATOR OF PURCHASE"

(By United Press)  
Washington—A single purchasing agent for the entire United States government will be created by executive order of President Coolidge, General S. L. Lord, director of the budget, said following a conference with the president today. The post will have the title of "co-ordinator of purchase" and its functions will be contracting for the purchase of all federal supplies and equipment. Savings of thousands of dollars annually are expected from the innovation which in effect constitutes a new treasury "watchdog" in the treasury department.

### Receivers of Milwaukee Railroad File Report

(By United Press)  
Chicago, May 29.—The report of the receivers of the Chicago, Milwaukee & St. Paul railroad was filed in federal court here today.

The report attributes the financial trouble of the road to competition with motor busses; competition with the Panama Canal; the long and short haul clause of the Interstate Commerce Commission act; heavy increase in operating costs, and the recent agricultural depression. Obligations which will be defaulted June 1 total \$46,931,515 in bonds with \$2,063,558 in interest, the report said. These include the 4 per cent European loan bonds of 1910 with interest, the \$35,100,000 four per cent bonds of 1925 with interest and the 4 per cent convertible gold bonds.

### FARMERS ENTITLED TO A NEW TRIAL

HAD LOST \$17,076.04 IN SUIT AGAINST MCCARTHY BROS. CO.

(By United Press)  
St. Paul, May 29.—North Dakota farmers who lost a \$17,076.04 suit against the McCarthy Bros. Company of Minneapolis are entitled to a new trial.

This was the decision today of the state supreme court reversing the Hennepin county court.

Farmers near Burnstad, N. D., received warehouse receipts for grain stored in the Burnstad elevator. This elevator shipped to the McCarthy Grain Company which went into bankruptcy before paying for the grain.

Joe Hoven represented all farmers suing. The lower court ruled against the farmers.

### N. P. RAILROAD SHOWS DECLINE IN OPERATING REVENUES

(By United Press)  
Minneapolis, May 29.—Both gross and net operating revenues of the Northern Pacific railroad showed decline for April and the first four months for the same period last year. The gross operating expense last month was \$6,889,896, a marked decrease from the \$7,309,200 figure for April, 1924.

Philadelphia, Pa., May 29.—American Legion posts in Pennsylvania have added 5,000 members, which sets a new record.

APPEAL TO BE TAKEN OF DECISION AGAINST E. L. DOHENY AND COMPANY

JUDGE IN SUIT WROTE DECISION AFTER A YEAR OF DELIBERATION

(By United Press)  
Los Angeles, May 29.—Plans are in preparation to appeal to the highest courts the so-called Elk Hills Oil Reserve case in which the government yesterday was awarded a decision against E. L. Doheny and his Pan-American Oil Company. Decision in the case was handed down by Paul J. McCormick, judge in the federal district court here after nearly a year of deliberation.

The decision states that Doheny and his oil company must return to the government title to the Elk Hills reservation in California which he secured through a lease given by Albert B. Fall when Fall was secretary of the interior.

The decision stamps as a "fraud" and against good morals and public policy the "loan" of \$100,000 which evidence at the trial showed Doheny paid to Fall at the time of the lease. Practically all of the disputed points were decided in favor of the government.

Erie, Pa., May 29.—Two were killed today when an airplane piloted by a man named Sullivan, a former army flier, carrying an unidentified passenger, crashed from a great height.

### 263 FURNITURE MANUFACTURERS ARE INDICTED

FEDERAL GRAND JURY IN CHICAGO TAKES SWEEPING ACTION

CHARGES VIOLATION OF THE SHERMAN ANTI-TRUST ACT

(By United Press)  
Chicago, May 29.—The most sweeping action of its kind ever taken was when the May federal grand jury here returned indictments against 263 manufacturers on charges of violation of the Sherman Anti-Trust act.

The indictments charge price fixing and curtailing of production to maintain high prices and destroy competition.

Besides indicting 263 individual manufacturers, the jury also indicted the six secretaries and assistant secretaries of the National Refrigerator Manufacturers' Association, the National Alliance of Furniture Manufacturers and the National Association of Chair Manufacturers.

The various organizations involved do an annual business of \$119,000,000, the indictments point out.

Investigation of the industry was started several months ago to determine why furniture prices are from 100 to 250 per cent higher than the pre-war levels and how they have been kept up in the face of partial deflation of prices of other commodities.

Approximately 2,000 furniture dealers were called before the grand jury and books from scores of concerns were seized in the hunt for evidence to support charges that a trust existed in that prices were fixed and competition stifled.

The refrigerator and chair concerns are charged with unlawful price fixing and the three group manufacturers of piece goods, radio cabinets, clock faces, dining and bedroom furniture are charged with price fixing and curtailment of production.

### DISABLED VETERANS TO MARCH IN OMAHA

(By United Press)  
Omaha, Neb., May 28.—A line of sightless men, smiling and confident, members of Blind Veterans' chapter, Disabled American Veterans of the World War, of Atlantic City, N. J., will head the colorful convention parade of the nation's wounded and disabled world war veterans Tuesday, June 23, the second day of the fifth annual national convention of the Disabled American Veterans, here, June 22 to 27.

Following the blinded veterans will parade the legless and armless, those who have suffered and are still suffering serious internal injuries, and many thousands of other wounded and disabled world war heroes.

The division will be headed by National Commander Frank J. Irwin of New York City, wounded wearer of the distinguished service cross, and Past National Commanders and the National Officers of the disabled men's society. Dr. George Calvert of Syracuse, N. Y., national chief-of-staff, whose eyes were shot out at Chateau Thierry in the spring of 1918, and Rabbi Aaronsohn of Cincinnati, the blinded national chaplain of the D. A. V. of W. W., whose eyes were destroyed in the Argonne offensive of 1918's summer, when he was carrying a wounded comrade to safety, will command the unit of blind veterans marching in the parade.

### TO BE CREATED BY THE EXECUTIVE ORDER OF COOLIDGE

GEN. LORD, DIRECTOR OF THE BUDGET, MAKES STATEMENT

POST WILL HAVE TITLE OF "COORDINATOR OF PURCHASE"

(By United Press)  
Washington—A single purchasing agent for the entire United States government will be created by executive order of President Coolidge, General S. L. Lord, director of the budget, said following a conference with the president today. The post will have the title of "co-ordinator of purchase" and its functions will be contracting for the purchase of all federal supplies and equipment. Savings of thousands of dollars annually are expected from the innovation which in effect constitutes a new treasury "watchdog" in the treasury department.

### Receivers of Milwaukee Railroad File Report

(By United Press)  
Chicago, May 29.—The report of the receivers of the Chicago, Milwaukee & St. Paul railroad was filed in federal court here today.

The report attributes the financial trouble of the road to competition with motor buses; competition with the Panama Canal; the long and short haul clause of the Interstate Commerce Commission act; heavy increase in operating costs, and the recent agricultural depression. Obligations which will be defaulted June 1 total \$46,931,515 in bonds with \$2,063,558 in interest, the report said. These include the 4 per cent European loan bonds of 1910 with interest, the \$35,100,000 four per cent bonds of 1925 with interest and the 4 per cent convertible gold bonds.

### FARMERS ENTITLED TO A NEW TRIAL

HAD LOST \$17,076.04 IN SUIT AGAINST MCCARTHY BROS. CO.

(By United Press)  
St. Paul, May 29.—North Dakota farmers who lost a \$17,076.04 suit against the McCarthy Bros. Company of Minneapolis are entitled to a new trial.

This was the decision today of the state supreme court reversing the Hennepin county court.

Farmers near Burnstad, N. D., received warehouse receipts for grain stored in the Burnstad elevator. This elevator shipped to the McCarthy Grain Company which went into bankruptcy before paying for the grain.

Joe Hoven represented all farmers suing. The lower court ruled against the farmers.

### N. P. RAILROAD SHOWS DECLINE IN OPERATING REVENUES

(By United Press)  
Minneapolis, May 29.—Both gross and net operating revenues of the Northern Pacific railroad showed decline for April and the first four months for the same period last year. The gross operating expense last month was \$6,889,896, a marked decrease from the \$7,309,200 figure for April, 1924.

Philadelphia, Pa., May 29.—American Legion posts in Pennsylvania have added 5,000 members, which sets a new record.

## THE STAND OF THE IZAAK WALTON LEAGUE

A GREAT factor in building up the Izaak Walton League is the official organ of the association, a monthly magazine called "Outdoor America." Perusing its splendid stories of outdoor life, in all its phases, flanked by pictures showing an intimate knowledge of the subject matter of the text, one becomes imbued with a greater love for this great country of ours.

Will H. Dilg, editor and general organizer of the league, is a man of dynamic personality. He has the ability to arouse and mold sentiment, to shape ideas into legislation and then to get the sentiment crystallized that sees that laws so made are enforced.

We have viewed with misgiving, at times, some of the big drainage works of Northern Minnesota, wondering what would happen to our wild game when its marshes and feeding grounds are obliterated. Some of that peat country has been made so dry that even the roads burn when a fire sweeps through the section.

In this regard it is refreshing and enlightening to read the stand of the league as proclaimed in a recent issue by Brother Sportsman Dilg:

No one can doubt that first, last, and all the time the Izaak Walton League is a hundred per cent conservation movement. It is a people's movement. It has no commercial basis; it has no political or religious alliances, and it is impossible for any man or any syndicate of men to make use of this league for financial gain.

Up to this date this league has put over every national conservation measure it has advocated, and this because our measures have been one hundred per cent righteous measures and the league has the support of the President of the United States and every member of his cabinet, the whole of Congress and all the real influences going to make up official Washington.

The Upper Mississippi Wild Life and Fish Refuge Act carried a straight appropriation. It did not require that the sportsmen of the nation pay a dollar tax each season to fish or hunt upon the three hundred and forty-two thousand acres of river bottomlands making up this great three hundred mile Upper Mississippi sportsmen's paradise.

The league has proved to the American people that the mad course of indiscriminate drainage must be stopped in this country. The league has shown that our marshlands are vanishing like the mists and a halt must be called or our water fowl shooting will be but a myth.

Hundreds of thousands of migratory birds and wild fowl annually starve during their annual flights. All men, if they give the subject the least bit of thought, will realize that our marshlands are imperative as resting and feeding places.

In conclusion, the official paper of the league sums up that some areas can be drained to advantage, but that the majority of drainage projects fail to come up to expectations and that most of them are wholly bad. When drainage is practiced unscientifically such national calamities as the Dayton flood result. No nation can be great without marshlands.

## THE CALL OF THE LEGION COMMANDER

EVERY legionnaire in the state is called upon today by Edwin L. Lindell, state commander of the American Legion, to make plans for properly observing Memorial Day Saturday, in such a way that the significance of the day will be impressed upon every citizen.

The day was established by the Grand Army of the Republic. It was dedicated to the memory of the dead of American wars, and it has been observed as an occasion for paying tribute to those who gave their lives that we might live, said Commander Lindell in his call issued to the members of the state organization.

"Those veterans of 1861 held the day sacred—a holy day. As the years passed by, Memorial Day became to many a holiday. Some Americans have turned from thoughts of those who died—some of us are not willing to consecrate one day of the year to the memory of those who made the supreme sacrifice. Others are merely thoughtless.

"We of the American Legion must call to the attention of the others, the real significance of Memorial Day, and by our example impress upon them their duties to our buddies who have gone west, and to those boys in blue and gray, who gave their lives before them, in a similar cause.

"To safeguard and transmit to posterity the principles of justice, freedom, and democracy—that is one of the cardinal principles of the American Legion. It implies the safeguarding of the memories of those who have gone before us, that America may understand at what price freedom was purchased and know better how to value that freedom.

"To appreciate the sacrifices of our dead comrades is to learn more truly to appreciate the heritage they have left us. When we forget them, we forget America.

"Every legionnaire worthy of the name, will do his share in making Memorial Day a holy day. Those who have lost relatives and friends in the war, or who did their bit at home for the armies overseas, will stand shoulder to shoulder with the Legion in this endeavor.

"Memorial Day this year has a peculiar significance. We are creating an endowment fund for the children of service men who have died, and for the disabled. We have not yet subscribed our quota.

"Tomorrow, let us with renewed determination, Legionnaires and non-members alike, resolve that we who live shall keep our pledge to those who gave the most."

BEMIDJI, given a quota of \$2,200 to raise for the American Legion endowment fund, failed in its endeavors and collected less than \$1,000. Just what course the Bemidji Legion will take to collect the balance of the quota is not known.

THE recent wind storm which tapped down a few trees in the Brainerd Lake Region and pushed a few barns askew, did a quarter million dollars damage in the Sauk Centre area.

LIEUTENANT-GOVERNOR W. I. NOLAN, well known in Brainerd where he delivered a memorial address for the Elks, will give the Fourth of July address at Little Falls.

IN the campaign against salacious literature, everybody centers his attack on the news agency. Why not pay some attention to the big distributor of the magazine?

## NEW CONFECTION OF HAYDON CO.

Frozen Suckers Evolved, Appealing to Young And Old Alike

UPON MARKET TOMORROW

Delicious Dainty Gives Purchaser Ice Cold Treat in Form of Cylinder

Oh Skinny, Frozen Suckers! Something new under the sun, and a frozen dainty that will appeal to young and old alike, is being manufactured by the Haydon Company, and will be placed upon the market tomorrow.

Frozen suckers are the answer to an insistent demand for a frozen delicacy which can be eaten anywhere at any time under conditions that would not be conducive to the handling of some other lines of ices.

This delicious confection sells for five cents and gives the purchaser an ice-cold treat in the form of a cylinder, about six inches in length and an inch in thickness to which a stick is attached to be used as a holder while eating. The whole thing is wrapped in waxed paper so that it is delivered to the customer in a perfectly sanitary condition.

The frozen suckers are obtainable in a number of flavors and as many colors. They are just tart enough to tickle the tongue and to make the purchaser asked for them again when going to the ice cream counter.

The Haydon Company has always been foremost in putting upon the market the latest in its line. For some time Mr. Haydon has been casting about to obtain a summer confection to appeal to the taste as does the Eskimo pie, obtainable only in the winter months. Frozen suckers are the result, and from the hearty reception they have been accorded in other localities, they will be in greater demand than anything that has been heretofore attempted. As a special inducement for their trial, local dealers will give a toy balloon with each frozen sucker, as long as the supply of balloons lasts.

In order to manufacture the frozen suckers, it has been necessary for the Haydon Company to install special machinery, to lay in a stock of special ingredients, and to employ additional help. All of this has been done, and a goodly supply of the dainties will be ready for tomorrow's sale. It is felt that the demand will be insistent as soon as the suckers have been tasted.

## MAKING BRAINERD BLOSSOM

Many Plant Lovers Doing Their Bit to Make Brainerd Beautiful

Indications show that Brainerd has more flowers growing than ever before. A survey of recently cultivated shrubbery and other plants, bears out the contention that there are a great many plant lovers who are doing their bit to make Brainerd beautiful, and to help "Make Minnesota Blossom."

The community spirit shown in the cultivation of such flowers as peonies and gladioli, with other beautiful blooms forecasts a splendid showing at the flower shows to be held in Brainerd later in the season.

The peony exhibit, to be held during the month of June, will be about ten days earlier than was at first planned, and earlier than last year's show, it is indicated.

Governor Theodore Christianson, accompanied by E. P. Scallon, representative from Crow Wing and Morrison counties, passed through Brainerd Friday afternoon enroute to Little Falls, where the governor makes the commencement address this evening. He delivered the commencement address at the Crosby-Ironton high school on Thursday night. While on the range he was the guest of Mr. Scallon.

## Wrinkles Removed in 15 Minutes—Cost 3 Cents!

Quite a sensation has been created in certain social circles over the wonderful rejuvenating effects of a simple tar-kroot mixture which any woman can easily apply at home. The results are so remarkable that one has told others, who in turn have told many more, and now the new method bids fair to supersede all the patent "wrinkle removers," massage and other things used for the purpose.

This is the procedure: A spoonful of powdered tar-kroot is mixed with a spoonful of lemon juice, and this is spread over the face. An amazing transformation takes place, as the mirror shows. In less than 15 minutes wrinkles, crowfeet and creases have completely vanished! Facial contour is noticeably improved and the face looks years younger. The most skillful massaging could not produce such a whole-some effect as remains after the mixture has been washed off. Tar-kroot is of course perfectly harmless. Inexpensive, too. An original package from the druggist contains sufficient to bring the cost per treatment under 3 cents.

## A Lovely New Home Going Up In West Brainerd For Ralph Falconer

Mr. Falconer is owner of the successful Riverside Grocery. His business experience has proven to him the value of owning a real home and he came to us recently for the materials to build one.

The new house will be 26x36 with a 9x16 sun parlor. It will have a full basement and every detail from basement to roof will be modern.

The exterior finish will be Rockbound stucco and the roof will be covered with 12 inch Genasco Laytite Shingles.

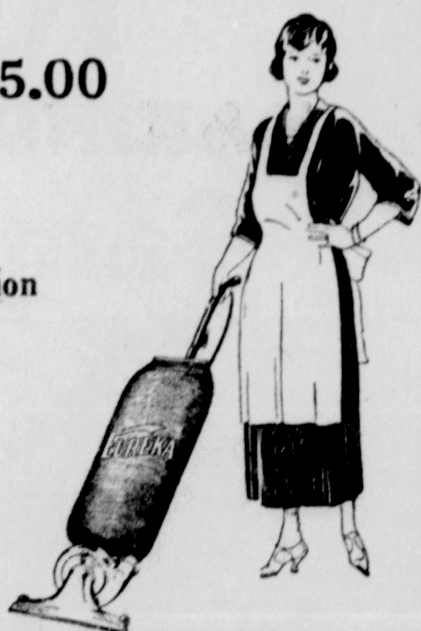

We were able to make a few suggestions to Mr. Falconer that resulted in a saving to him and we are certain that he and his family will be well pleased with the finished home.

You will appreciate our service, too, no matter what kind of a job you have.

## Other People's Opinions

Communications are not to exceed 500 words. All must be signed, and will be published with name of writer.

I hope that the Council will show enough consideration to the G. A. R., American Legion and the children to say nothing or what the day is supposed to stand for, to prohibit the circus parade or any other activity of their part during the forenoon of the 30th.

This would practically set aside all the efforts that the school authorities as well as others have been putting forth for some time, to fittingly observe this day.

I find that this is the sentiment of many others as well as myself.

GEORGE A. TRACY.

Brainerd, Minn.

May 29, 1925.

Alderman's reply to the Honorable Mayor Cain and Other People's Opinions on action taken by City Council in issuing license to circus on Memorial Day.

Editor Dispatch:-

In reply to Mayor Cain's objection in regards to circus on Memorial day? Was this question ever brought up before a council of allowing a circus to perform on Memorial day? Let us be fair; if you were on the council what would you have done? Have not the people said why is it that we cannot have a circus or something at Brainerd.

We are as a body acting for the best interest of the city. I do not believe that the Mayor should publicly reprimand the council for something that we has no jurisdiction over. He has charge of the police department, but the majority vote of the council handles the business of the city.

In reply to J. A. Wilson, Adjutant Pap Thomas Post, G. A. R., opinion, I am heartily in accord with his reprimand and the council made a mistake in allowing a circus on this great day which is of so much importance to the Grand Army of the Republic but I do not want him or anyone else to believe that the city council did this in any way disregard the Memorial services. I personally, as a city band member, have never turned down the old soldiers on Memorial day whether rain or shine, in helping them in their Memorial services and I want to see every American citizen and school child turn out in greater numbers than it has in the past. It was understood by the council that the circus would not parade if the council did not feel that it should and I personally told Mayor Cain to stop the parade on this day. I did not vote to issue a license for the circus on account of the money involved which is very small. This is sure a good lesson to me as a new member of the council and I hope that it will be a lesson for the council members in the future in regard to Memorial day.

Respectfully,  
MARTIN ANDERSON.

Largest Subscription Campaign Ever

Conducted by Association in

This or Any Other Country

Alfred Dillan, secretary of the local Y. M. C. A., has reported to the Dispatch what is believed to be the largest subscription campaign ever conducted by the association in this or any other country.

This record-breaking campaign was staged at Detroit, Michigan, under the leadership of Hon Edwin Denby, former secretary of the navy, and totaled over five and one half million dollars, representing 12,000 contributors.

Single subscriptions of interest included the following:

Mr. and Mrs. Henry Ford.....\$750,000  
Mr. and Mrs. Edsel Ford..... 750,000  
Fisher Brothers..... 500,000  
Mrs. W. W. Hannan..... 500,000  
Sebastian Kresge..... 500,000  
Dodge Brothers..... 100,000  
Charles Van Dusen..... 100,000  
General Motors Corp..... 100,000

The Detroit campaign is the second large one successfully staged during the past year, says Mr. Dillan. St. Louis raised over three million dollars for its Y. M. C. A. during the past 12 months.

In the past six months alone, there

has been raised for Y. M. C. A. construction, building and endowment, nearly ten million dollars says Mr. Dillan.

## Other People's Opinions

Communications are not to exceed 500 words. All must be signed, and will be published with name of writer.

I hope that the Council will show enough consideration to the G. A. R., American Legion and the children to say nothing of what the day is supposed to stand for, to prohibit the circus parade or any other activity of their part during the forenoon of the 30th.

This would practically set aside all the efforts that the school authorities as well as others have been putting forth for some time, to fittingly observe this day.

I find that this is the sentiment of many others as well as myself.

GEORGE A. TRACY.

Brainerd, Minn.

May 29, 1925.

Alderman's reply to the Honorable Mayor Cain and Other People's Opinions on action taken by City Council in issuing license to circus on Memorial Day.

Editor Dispatch:-

In reply to Mayor Cain's objection in regards to circus on Memorial Day. The night that the license was issued Mayor Cain's objections were very meek. He stated that it was not an appropriate day for a circus and the council agreed with him and it was discussed in the council for some time, and the council decided that since the memorial services would be over by noon they could see no harm in allowing the license.

Without casting any reflections on any other business, do the picture shows close up on Memorial day? Was this question ever brought up before a council of allowing a circus to perform on Memorial day? Let us be fair; if you were on the council what would you have done? Have not the people said why is it that we cannot have a circus or something at Brainerd.

We are as a body acting for the best interest of the city. I do not believe that the Mayor should publicly reprimand the council for something that he has no jurisdiction over. He has charge of the police department, but the majority vote of the council handles the business of the city.

## WHY?

Why am I bringing back to this Theatre "The Birth of a Nation"?

You have a right to my answer to that. I think it is a GOOD ANSWER.

Here it is:

First, A picture that over FIFTEEN MILLION persons have seen must have something VITAL about it.

Second, An AMERICAN picture that ALL NATIONS have seen and applauded must have something FUNDAMENTAL about it.

Third, A picture that NINE YEARS after its production can pack the GREAT CAPITOL THEATRE in New York with 74,000 persons in two weeks, and the vast AUDITORIUM THEATRE in Chicago with 107,000 persons in three weeks has something tremendously HUMAN about it.

Fourth, A picture that a President of the United States wept with, and that the Supreme Court of the United States cheered has something basically AMERICAN about it.

Fifth, A picture that is crowding the theatres of the country with more MILLIONS a decade after its production has something IMPORTANT about it.

That is why I am once more offering the Americans of this city an opportunity to bring their families to see

## America's Most Unique Resort Hotel

STANDING out as the salient feature of a quarter million-dollar expansion program now being carried out by Captain W. H. Fawcett at Breezy Point Lodge, on Big Pelican Lake at Pequot, Minn., is the Log Resort Hotel, depicted above. This model summer resort hotel, destined to be the most unique in America, is being erected at a cost of \$150,000 without a single nail being used. Construction of the lake resort hotel entirely of logs is being carried on by pioneer

woodsmen from the northwoods. It is planned to have the building ready for occupancy by June. The sketch shows the new lodge building as viewed from the lake side. Magney & Tusler, Inc., and Leon Arnal, architects and engineers of Minneapolis, prepared the plans for the building, which will be 145 feet long and 60 feet wide and of three stories,

with a dining room seating 500 on the first floor and with 16 rooms, each with tiled bathroom, on the floor above. Bowling alleys, a billiard room, barber shop and other facilities will be housed in the basement. The rustic atmosphere will prevail throughout in wall treatment, fireplaces and in fixtures all made of lumbering band saws and suspended by logging chains. A new power and pumping plant, store building and a two-story log residence are other buildings being erected at famous Breezy Point as a part of the \$250,000

building project. Completion of this log structure will further insure the reputation of Breezy Point Lodge as the finest and most completely equipped in the Land of Ten Thousand Lakes and Towering Pines. Breezy Point, in truth "America's Queen Summer Resort," cordially invites you to come and inspect it at first opportunity.

# WHY?

Why am I bringing back to this Theatre "The Birth of a Nation"?

You have a right to my answer to that. I think it is a GOOD ANSWER.

Here it is:

First, A picture that over FIFTEEN MILLION persons have seen must have something VITAL about it.

Second, An AMERICAN picture that ALL NATIONS have seen and applauded must have something FUNDAMENTAL about it.

Third, A picture that NINE YEARS after its production can pack the GREAT CAPITOL THEATRE in New York with 74,000 persons in two weeks, and the vast AUDITORIUM THEATRE in Chicago with 107,000 persons in three weeks has something tremendously HUMAN about it.

Fourth, A picture that a President of the United States wept with, and that the Supreme Court of the United States cheered has something basically AMERICAN about it.

Fifth, A picture that is crowding the theatres of the country with more MILLIONS a decade after its production has something IMPORTANT about it.

That is why I am once more offering the Americans of this city an opportunity to bring their families to see

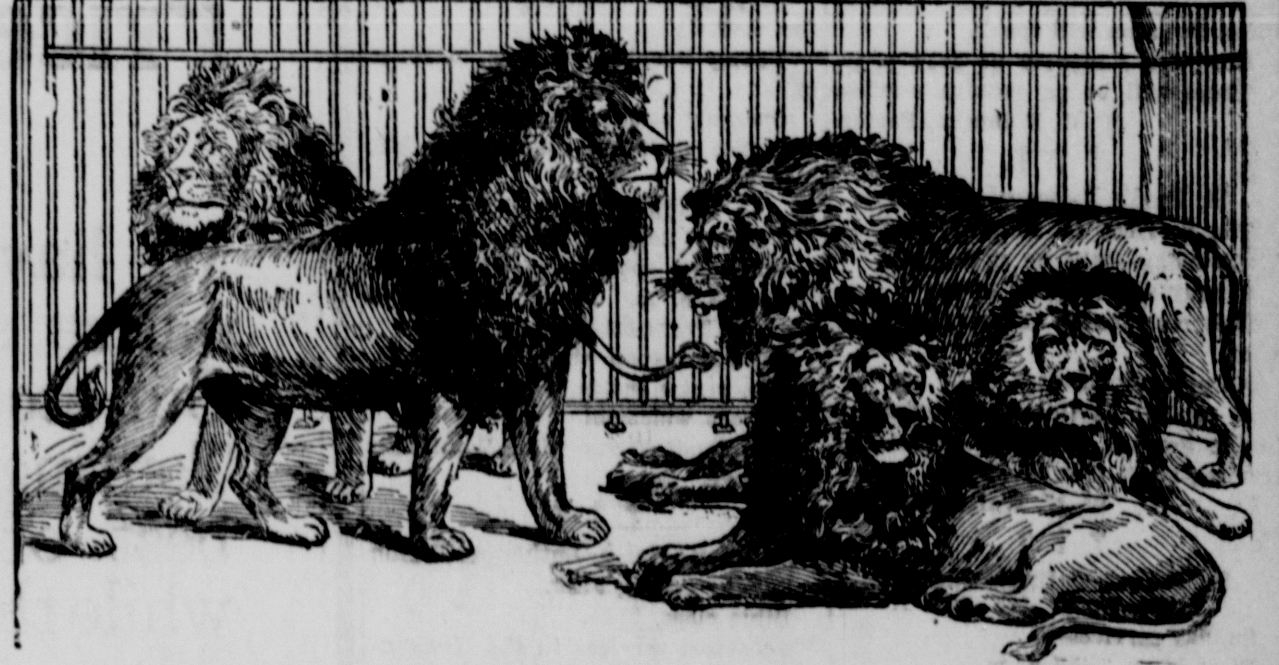

"The Birth of a Nation"

Lyceum Theatre Manager.

# America's Most Unique Resort Hotel

STANDING out as the salient feature of a quarter million-dollar expansion program now being carried out by Captain W. H. Fawcett at Breezy Point Lodge, on Big Pelican Lake at Pequot, Minn., is the Log Resort Hotel, depicted above. This model summer resort hotel, destined to be the most unique in America, is being erected at a cost of \$150,000 without a single nail being used. Construction of the lake resort hotel entirely of logs is being carried on by pioneer

woodsmen from the northwoods. It is planned to have the building ready for occupancy by June. The sketch shows the new lodge building as viewed from the lake side. Magney & Tusler, Inc., and Leon Arnal, architects and engineers of Minneapolis, prepared the plans for the building, which will be 145 feet long and 60 feet wide and of three stories,

with a dining room seating 500 on the first floor and with 16 rooms, each with tiled bathroom, on the floor above. Bowling alleys, a billiard room, barber shop and other facilities will be housed in the basement. The rustic atmosphere will prevail throughout in wall treatment, fireplaces and in fixtures all made of lumbering band saws and suspended by logging chains. A new power and pumping plant, store building and a two-story log residence are other buildings being erected at famous Breezy Point as a part of the \$250,000

building project. Completion of this log structure will further insure the reputation of Breezy Point Lodge as the finest and most completely equipped in the Land of Ten Thousand Lakes and Towering Pines. Breezy Point, in truth "America's Queen Summer Resort," cordially invites you to come and inspect it at first opportunity.

## COUNTY SEWING CONTEST WINNERS

Will be Entered in Girls' Club Contest With Exhibits at Minnesota State Fair in September

SARAH LEWIS, GRAND CHAMPION

Had the Largest And Best Exhibit, Her Work to be an Individual Exhibit at Fair

In the county sewing contest, held some few weeks ago at the high school building, the following girls were picked as having the best exhibits, and are therefore to be entered in the girls' club contest, with their exhibits at the Minnesota State Fair in September. Miss Schenck, from the Northwest School of Agriculture, and Mrs. Meybohm, assistant state club leader, were the judges.

Sarah Lewis won grand championship, having the largest and best exhibit, and her work will all be sent to the state fair as an individual exhibit from Crow Wing county.

Dora Miller and Gladys Smith represent this county in their demonstration of "color and its use in dress" at the state fair.

Since such a limited amount of work can be entered in the club exhibit, the rest of the sewing can be entered in the Junior Department in the woman's building at the state fair.

Following are the exhibits and girls making them:

Afternoon dresses — Mercedes Johnson, wool; Alice Johnson, wool; Elvia ensen, wool; Norma Calkin, silk.

School dresses — L. Brockman, wool; Helen Nelson, wool; Mildred Schamp, cotton; Fern Lewis, wool.

Slips or nightgowns — Elvia Benson, gown; Mary Lamont, slip; Mabel Lawrenz, gown; Gladys Babcock, slip.

Articles of underwear — Fern Lewis, gown; Elvia Benson, slip; Lorna Stuart, gown; Jeanette Jackson, gown.

Bloomers — Marguerite Jackson, Norma Calkin, Mabel Lawrenz, Lorna Stuart.

Chemise — Esther Bentley, Myrtle Gustafson, Frances Lawson, Isabelle Erickson.

Following are the results of the seventh and eighth grade sewing contests in which the girls themselves did satisfactory judging. In several instances the exhibits scored the same.

Lowell school — Night gown, Ethel Finne; apron, Dora Schandel; slip, Dora Schandel.

Harrison school — Sewing bag, Nora Schoen; and Hilda Haugene; night gown, Myrtle Lawson; apron, Signe Sathre; slip, Borghild Olson.

Whittier school — Sewing bag, Isabelle Brown; night gown, Geraldine White; apron, Mildred Prentice; slip, Onolie Lewis.

Washington school — Night gown, Virginia Cook; apron, Lucille Rousseau; slip, Dora Erickson.

## "BIRTH OF NATION" SEEN HERE AGAIN

First of All the Great Motion Pictures to Return for Short Engagement

AT LYCEUM SUNDAY, MONDAY

Great Griffith Spectacle Challenges Comparisons With Later Competitors

America's first super film spectacle will reassert its claim to be still unsurpassed after ten years when "The Birth of A Nation" appears at the Lyceum theatre for a short engagement Sunday and Monday. The great Griffith spectacle will once more challenge comparisons with its later competitors, and there are not wanting those who insist it can do so fearlessly as nothing has yet been filmed that comes near it for sheer dramatic intensity and heart pathos.

As in the days when its smashing battle scenes, its thousands of white-robed Klansmen rushing to the rescue of those beleaguered in town and cabin, its reproductions of such historic scenes as Lincoln's assassination at Ford's theatre, the surrender of Lee to Grant at Appomattox, the famous picture will be re-enacted with all the wealth of its national appeal and its magic musical setting.

All who have seen it seem to agree with one claim—that nothing subsequently placed on celluloid has surpassed "The Birth of A Nation" in power to portray a terrific national struggle, with the agonies of individuals caught in the maelstrom of its violence, and in its ability to carry forward both the national and individual stories with a dash and vigor of dramatic unity.

The two families, the Southern Camerons and the Northern Stonemans, with the cross love currents that enmesh them and survive the War itself—even when the younger sons of the two families face each other on the field of battle and die with arms entwined at Petersburg—carry out the heart interest that is so great a factor in the story.

The real strain comes after Lincoln's assassination which released all the passions of the Northern "revenge party" headed by Stoneman who encourages the worst elements of the North and South to a riot of extravagance that resulted in the formation of the organization that swept the Southerner back into the exercise of his guaranteed political freedom.

The real strain comes after Lincoln's assassination which released all the passions of the Northern "revenge party" headed by Stoneman who encourages the worst elements of the North and South to a riot of extravagance that resulted in the formation of the organization that swept the Southerner back into the exercise of his guaranteed political freedom.

## AT PRESBYTERIAN CHURCH ASSEMBLY

Rev. A. G. Patterson of Brainerd Attended Momentous Meeting in Columbus, Ohio

NEARLY THOUSAND PRESENT

Church Stands More Solidly Than Ever Before in Its Standards of Belief

Rev. A. G. Patterson returned on Thursday evening from Columbus, Ohio, where he attended the general assembly of the Presbyterian church of America.

There were 910 commissioners present from over the United States. The sessions were of much interest because of the fact that the standards of the church were discussed, the idea of some of the delegates being to change them.

The judicial committee, the highest court in the Presbyterian church, rendered a decision, reversing the decision of the synod of New York, and sustaining the complaint against the New York Presbytery, and remanded the case in hand to that Presbytery for adjustment, declaring that it is necessary that a candidate for the ministry affirm his belief in the Virgin Birth, or license be deferred until such time as he can affirm this tenet.

The Presbyterian church stands more solidly than ever before in its standards of belief and the authority of the Bible, says Rev. Patterson, and is now ready to go forward in a progressive program of active work, standing firmly on the standards that it has always maintained.

Rev. Patterson was signally honored at the assembly by being chosen a member of the "Bills and Overtures" committee, the first and most important committee of the assembly. To it everything must first go before it can be presented to the general body.

Rev. Patterson will again fill his pulpit in the First Presbyterian church on Sunday, both morning and evening, and the South Long Lake pulpit on Sunday afternoon at 3 o'clock.

# COUNTY SEWING CONTEST WINNERS

Will be Entered in Girls' Club Contest With Exhibits at Minnesota State Fair in September

**SARAH LEWIS, GRAND CHAMPION**

Had the Largest And Best Exhibit. Her Work to be an Individual Exhibit at Fair

In the county sewing contest, held some few weeks ago at the high school building, the following girls were picked as having the best exhibits, and are therefore to be entered in the girls' club contest, with their exhibits at the Minnesota State Fair in September. Miss Schenck, from the Northwest School of Agriculture, and Mrs. Meybohm, assistant state club leader, were the judges.

Sarah Lewis won grand championship, having the largest and best exhibit, and her work will all be sent to the state fair as an individual exhibit from Crow Wing county.

Dora Miller and Gladys Smith represent this county in their demonstration of "color and its use in dress" at the state fair.

Since such a limited amount of work can be entered in the club exhibit, the rest of the sewing can be entered in the Junior Department in the woman's building at the state fair.

Following are the exhibits and girls making them:

Afternoon dresses — Mercedes Johnson, wool; Alice Johnson, wool; Elvia Benson, wool; Norma Calkin, silk.

School dresses — L. Brockman, wool; Helen Nelson, wool; Mildred Schamp, cotton; Fern Lewis, wool.

Slips or nightgowns — Elvia Benson, gown; Mary Lamont, slip; Mabel Lawrenz, gown; Gladys Babcock, slip.

Articles of underwear — Fern Lewis, gown; Elvia Benson, slip; Lorna Stuart, gown; Jeanette Jackson, gown.

Bloomers — Marguerite Jackson, Norma Calkin, Mabel Lawrenz, Lorna Stuart.

Chemise — Esther Bentley, Myrtle Gustafson, Frances Lawson, Isabelle Erickson.

Following are the results of the seventh and eighth grade sewing contests in which the girls themselves did satisfactory judging. In several instances the exhibits scored the same.

Lowell school — Night gown, Ethel Finne; apron, Dora Schandel; slip, Dora Schandel.

Harrison school — Sewing bag, Nora Schoen and Hilda Haugene; night gown, Myrtle Lawson; apron, Signe Sathre; slip, Borghild Olson.

Whittier school — Sewing bag, Isabelle Brown; night gown, Geraldine White; apron, Mildred Prentice; slip, Onolie Lewis.

Washington school — Night gown, Virginia Cook; apron, Lucille Rousseau; slip, Dora Erickson.

## BIRTHDAY PARTY

Mrs. John Sorsveen Pleasantly Surprised on Wednesday Evening by Group of Friends

Mrs. John Sorsveen of 615 League avenue, Northeast, was pleasantly surprised on Wednesday evening by a number of her friends, it being the occasion of her birthday.

The evening was spent in singing, with piano music by Miss Opal Brown and with other diversions.

Mrs. Sorsveen was presented with an electric iron. A light lunch was served at the close of the evening.

## BRAINERD LADIES BAND PLEASING

Gives Fine Concert at the New Park Theatre on Wednesday Evening

**CONJUNCTION WITH PICTURES**  
Band, Composed of 30 Musicians, Is Led by Mrs. Norman F. Ziebell

The Brainerd Ladies Band gave a very good account of itself in its first public concert, played at the New Park theatre on Wednesday evening, in conjunction with the regular motion picture program.

The band, composed of a membership of nearly 30, and led by Mrs. Norman F. Ziebell, has been in existence only since last December, but in this short time has made excellent progress, growing not only in ability but also in numbers.

The numbers played at Wednesday evening's concert were:

1. Ruby Red March—By C. L. Barnhouse.
2. "A Night In June" serenade—L. L. King.
3. "Zo" march—C. L. Barnhouse.

The ladies' band will appear in the Memorial Day exercises, playing several numbers at Gregory park at 9 o'clock and marching in the parade to the cemetery.

The band will serve a payday luncheon on Friday at the Juel block from 11 a. m. to 7 p. m. for the convenience of business men, clerks and shoppers.

## "BIRTH OF NATION" SEEN HERE AGAIN

First of All the Great Motion Pictures to Return for Short Engagement

**AT LYCEUM SUNDAY, MONDAY**

Great Griffith Spectacle Challenges Comparisons With Later Competitors

America's first super film spectacle will reassert its claim to be still unsurpassed after ten years when "The Birth of A Nation" appears at the Lyceum theatre for a short engagement Sunday and Monday. The great Griffith spectacle will once more challenge comparisons with its later competitors, and there are not wanting those who insist it can do so fearlessly as nothing has yet been filmed that comes near it for sheer dramatic intensity and heart pathos.

As in the days when its smashing battle scenes, its thousands of white-robed Klansmen rushing to the rescue of those beleaguered in town and cabin, its reproductions of such historic scenes as Lincoln's assassination at Ford's theatre, the surrender of Lee to Grant at Appomattox, the famous picture will be re-enacted with all the wealth of its national appeal and its magic musical setting.

All who have seen it seem to agree with one claim—that nothing subsequently placed on celluloid has surpassed "The Birth Of A Nation" in power to portray a terrific national struggle, with the agonies of individuals caught in the maelstrom of its violence, and in its ability to carry forward both the national and individual stories with a dash and vigor of dramatic unity. The two families, the Southern Camerons and the Northern Stonemans, with the cross love currents that enmesh them and survive the War itself—even when the younger sons of the two families face each other on the field of battle and die with arms entwined at Petersburg—carry out the heart interest that is so great a factor in the story.

The real strain comes after Lincoln's assassination which released all the passions of the Northern "revenge party" headed by Stoneman who encourages the worst elements of the North and South to a riot of extravagance that resulted in the formation of the organization that swept the Southerner back into the exercise of his guaranteed political freedom.

## AT PRESBYTERIAN CHURCH ASSEMBLY

Rev. A. G. Patterson of Brainerd Attended Momentous Meeting in Columbus, Ohio

**NEARLY THOUSAND PRESENT**

Church Stands More Solidly Than Ever Before in Its Standards of Belief

Rev. A. G. Patterson returned on Thursday evening from Columbus, Ohio, where he attended the general assembly of the Presbyterian church of America.

There were 910 commissioners present from over the United States. The sessions were of much interest because of the fact that the standards of the church were discussed, the idea of some of the delegates being to change them.

The judicial committee, the highest court in the Presbyterian church, rendered a decision, reversing the decision of the synod of New York, and sustaining the complaint against the New York Presbytery, and remanded the case in hand to that Presbytery for adjustment, declaring that it is necessary that a candidate for the ministry affirm his belief in the Virgin Birth, or licensure be deferred until such time as he can affirm this tenet.

The Presbyterian church stands more solidly than ever before in its standards of belief and the authority of the Bible, says Rev. Patterson, and is now ready to go forward in a progressive program of active work, standing firmly on the standards that it has always maintained.

Rev. Patterson was signally honored at the assembly by being chosen a member of the "Bills and Overture" committee, the first and most important committee of the assembly. To it everything must first go before it can be presented to the general body.

Rev. Patterson will again fill his pulpit in the First Presbyterian church on Sunday, both morning and evening, and the South Long Lake pulpit on Sunday afternoon at 3 o'clock.

## WHERE A GOOD MANAGER COUNTS IN SPORT

By HENRY L. FARRELL  
(United Press Sports Editor)

New York, May 29.—Knute Rockne, the wizard football coach and who is almost as capable as an after-dinner speaker, is as modest as he is efficient. On numerous occasions he has publicly minimized the importance of coaching, and voiced the opinion that success in developing football teams depends entirely upon the material.

"All I did last season was blow up the football," he said recently in commenting upon the Notre Dame varsity eleven. Tad Jones, who has turned out some of Yale's best football teams in the last three years, is another prominent coach who stresses the importance of players over systems of plays, but any one who follows football knows that eleven All-American players would not defeat an ordinary team unless they had something to work on.

The stories of Rockne and Jones, applied to other lines of sport as well as football are interesting, however. The importance of a good second in a fighter's corner, a smart manager on a major league bench or a good trainer with a track team are questions upon which all authorities do not agree. The majority opinions, perhaps, are that success depends upon a combination of both—a good individual and a good instructor or adviser.

It always has been held that Jess Willard would not have lost the world's heavyweight championship to Jack Dempsey in Toledo if he had retained a good trainer and if he had secured some experienced second to back him up in his corner. Big Firpo might have taken the title away from Dempsey if he had been trained properly and if he had been backed by some one smart enough to claim a foul when Dempsey forgot all about the rules in the first round. But on the other hand there are some fighters who could get along without any one in their corner. Tom Gibbons never needs any assistance and Benny Leonard also took care of himself at all times.

## N. P. SHOPS AND BUSINESS MEN TIE GAME

GAME WITH 7 TO 7 SCORE WAS  
AN OVERTIME AFFAIR AT  
KOERING FIELD

400 FANS PRESENT THRILLED  
BY THE CLASS OF BALL  
PLAYED

The N. P. Shops team, flushed with their 10-0 victory of last year over the Business Men, and expecting a like game last night, came, took a look, and did not conquer. The game was an overtime affair, and ended with the call of the umpire when darkness shed its veil over the Koering field and the count knotted at 7-7.

It was a good game! First one side ahead, then the other, and when the game is resumed sometime next week, the 400 fans that were thrilled at last night's game, and the few sitting on the hillside who were not so thrilled, will advertise the merits of both teams, until every seat, paid for and otherwise, will be filled with adherents of the teams.

As a benefit game for the Municipal Ball Grounds, it was highly successful. As a baseball game, it was more than that.

The Shops scored first. Uddenberg beat out a bunt down the third base line, went to second on Peterson's out, and scored on Ringer's hit. The All-Stars came back with a counter in the second. Bollens doubled to left, and scored off Steinfeldt's well placed hit.

The Shops went into the lead again in their half of the fourth, when McAlpine hit, took second on Ringer's single, and scored when Ziebell's hit struck Hanson between first and second. In their half, the Business Men added two and went into the left, and scored off Steinfeldt's well Schwendeman could not pick up his short grounder fast enough, Imgrund hit through Peterson, putting Bollens on third, and Dillan's double down the left field line scored both.

The Shops made three and their opponents two in the fifth, and the score remained at 5-5 through the next two innings, going into the extra inning with that score. In the eighth inning each team made two, and the game was called on account of darkness.

The finish of the game was thrilling. The Shops had scored a brace of runs in their half, and the game seemed lost for the Business Men when Stevens fanned the first batter, and the next popped an easy fly to Uddenberg. Dillan hit through Thorkildson, who let the ball get past him, and scored on Soderlund's single to right. Stallman advanced Soderlund on his drive through left, and Gaskill's long double over the left fielder's head scored Soderlund, and placed Stallman on third. But with two on the bags, Stevens tightened up, and struck out Lepinski for the third out.

John Cummins umpired the game, and won the plaudits of the crowd with his fine handling of the game, the old-timers recalling his work in an official capacity a number of years ago, when he was the umpire at most of the home games.

## SCORED 102 POINTS IN GRADE SCHOOL TRACK MEET

OVER 500 CHILDREN WITNESSED  
CEREMONY AT 4-Y. YES-  
TERDAY

PRESIDENT JOHN F. WOODHEAD,  
OF ROTARY CLUB MAKES  
ADDRESS

The Harrison school won the Rotary Cup, scoring 102 points in the Grade School track meet, their nearest competitor, the Lowell school, totalling 92 points. Because of their victory, the Harrison students have possession of the cup for one year. By winning again next year they will gain permanent possession of it.

Other schools winning points are the Whittier with 29, Washington with 18, St. Francis with 10, and Lincoln with 7.

Floyd Brusseau, Washington school, was the high point winner of the meet, with 12 points, getting firsts in the high jump and 75 yard dash, and a tie for second in the 220 yard dash. Chester Hively, Lowell school, was second high, with 11½ points, his points coming on a first in the 220 yard dash, second in running broad jump, third in standing broad jump, and 2½ points as member of first place relay team. Veronica McGarry, St. Francis school, Dolly Whitman of Harrison, Thomas Taylor and Arthur Holman of the Lowell, and Asle Trommald of the Whittier, each scored two firsts, 10 points each.

The presentation of ribbons took place after the events, on the steps of the Y. M. C. A. Over five hundred children, and many adults, attended the presentation. Members of the Rotary club, which put up the silver cup for the winning school, attended in a body, and helped to pin the ribbons on the breasts of the victors.

John Woodhead, president of the club, in a fitting speech, presented the cup to Miss Green, representing the Harrison school.

The full results of the meet, with the winners in each event, are given herewith:

## BUSH WINS HIS GAME, 4 TO 3

ST. LOUIS BROWNS PUT THE  
BRAKES ON CLEVELAND  
PITCHER, KARR

The St. Louis Browns yesterday effectually disposed of the Cleveland Indians, winning 4 to 3, at St. Louis. Bush was on the mound, pitched well, gave four passes, assisted in a double play, scored one putout and three assists.

## FINE POINT IN 4TH INNING OF GAME LAST NIGHT

In the game last night between the Shops and the Business Men, a discussion and argument arose over a play in the fourth inning. Three men were on bases, and Ziebell hit the ball toward the right side of the infield, the ball hitting Hanson, who was running from first to second. The man on third was allowed to score, and the man on second allowed to take third. According to the rules, the man hit by the ball is out, and the batter credited with a base hit. This was done.

The discussion arose from a claim by the Business Men that the other runners should not be allowed to advance, one having reached home for a score, and the other going to third. This claim was not allowed by the umpire, and several of the Business Men players were given sideline advice to "read the rules."

This splendid advice has been followed, and the protesting players submit the following in vindication of their claim:

"Official Baseball Rules, for 1925, taken from the Reach and also from the Spalding Official Guides:

"Rule 56. The base runner is out: "Sec. 12. If a fair hit ball strike him before touching a fielder, and in such case no base shall be run, unless necessitated by the batsman becoming a base-runner, but no run shall be scored or any other base-runner put out until the umpire puts the ball back into play."

"Sec. 12. If a fair hit ball strike him before touching a fielder, and in such case no base shall be run, unless necessitated by the batsman becoming a base-runner, but no run shall be scored or any other base-runner put out until the umpire puts the ball back into play."

"Sec. 12. If a fair hit ball strike him before touching a fielder, and in such case no base shall be run, unless necessitated by the batsman becoming a base-runner, but no run shall be scored or any other base-runner put out until the umpire puts the ball back into play."

## OPENING GOLF TOURNAMENT OF SEASON MAY 30

LITTLE FALLS AND BRAINERD  
CLUBS TO ENGAGE IN  
PLAY

LARGE DELEGATION IS EXPECTED  
FROM THE DOWN-  
RIVER CITY

The Brainerd country club extends an invitation to all members to attend the opening tournament of the season, between Little Falls and Brainerd, on Saturday afternoon at 1:30 o'clock.

Quite a large delegation is expected from the down-river city, and the opening of the season is to be attended by one of the most pleasant events staged by the local club.

The local golf course never was in better condition for a tournament, according to the committee in charge, and members of the club have been perfecting their play, so that they expect to prove formidable opponents to the Little Falls aggregation. Several new members who have united with the club this season, are already getting into such good form that they may be used in the tournament tomorrow, although the personnel of the team has not been announced.

Hot supper will be served from 4:30 to 6 o'clock on Saturday afternoon by the following junior members of the country club: The Misses Genevieve Planagan, Elizabeth Murphy, Evelyn Ryan, Jane Clark, Margaret Webb, assisted by the social committee.

New furniture and a stove have been purchased by the ladies for the club house. Members are asked to bring cup, plate and silverware for the supper tomorrow evening.

# HARRISON SCHOOL WON THE ROTARY CUP

## WHERE A GOOD MANAGER COUNTS IN SPORT

By HENRY L. FARRELL  
(United Press Sports Editor)

New York, May 29.—Knute Rockne, the wizard football coach and who is almost as capable as an after-dinner speaker, is as modest as he is efficient. On numerous occasions he has publicly minimized the importance of coaching, and voiced the opinion that success in developing football teams depends entirely upon the material.

"All I did last season was blow up the football," he said recently in commenting upon the Notre Dame varsity eleven. Tad Jones, who has turned out some of Yale's best football teams in the last three years, is another prominent coach who stresses the importance of players over systems of plays, but any one who follows football knows that eleven All-American players would not defeat an ordinary team unless they had something to work on.

The stories of Rockne and Jones, applied to other lines of sport as well as football are interesting, however. The importance of a good second in a fighter's corner, a smart manager on a major league bench or a good trainer with a track team are questions upon which all authorities do not agree. The majority opinions, perhaps, are that success depends upon a combination of both—a good individual and a good instructor or adviser.

It always has been held that Jess Willard would not have lost the world's heavyweight championship to Jack Dempsey in Toledo if he had retained a good trainer and if he had secured some experienced second to back him up in his corner. Big Firpo might have taken the title away from Dempsey if he had been trained properly and if he had been backed by some one smart enough to claim a foul when Dempsey forgot all about the rules in the first round. But on the other hand there are some fighters who could get along without any one in their corner. Tom Gibbons never needs any assistance and Benny Leonard also took care of himself at all times.

## N. P. SHOPS AND BUSINESS MEN TIE GAME

GAME WITH 7 TO 7 SCORE WAS  
AN OVERTIME AFFAIR AT  
KOERING FIELD

400 FANS PRESENT THRILLED  
BY THE CLASS OF BALL  
PLAYED

The N. P. Shops team, flushed with their 10-0 victory of last year over the Business Men, and expecting a like game last night, came, took a look, and did not conquer. The game was an overtime affair, and ended with the call of the umpire when darkness shed its veil over the Koering field and the count knotted at 7-7.

It was a good game! First one side ahead, then the other, and when the game is resumed sometime next week, the 400 fans that were thrilled at last night's game, and the few sitting on the hillside who were not so thrilled, will advise the merits of both teams, until every seat, paid for and otherwise, will be filled with adherents of the teams.

As a benefit game for the Municipal Ball Grounds, it was highly successful. As a baseball game, it was more than that.

The Shops scored first. Uddenberg beat out a bunt down the third base line, went to second on Peterson's out, and scored on Ringer's hit. The All-Stars came back with a counter in the second. Bollens doubled to left, and scored off Steinfeldt's well placed hit.

The Shops went into the lead again in their half of the fourth, when McAlpine hit, took second on Ringer's single, and scored when Ziebell's hit struck Hanson between first and second. In their half, the Business Men added two and went into the left, and scored off Steinfeldt's well Schwendeman could not pick up his short grounder fast enough, Imgrund hit through Peterson, putting Bollens on third, and Dillan's double down the left field line scored both.

The Shops made three and their opponents two in the fifth, and the score remained at 5-5 through the next two innings, going into the extra inning with that score. In the eighth inning each team made two, and the game was called on account of darkness.

The finish of the game was thrilling. The Shops had scored a brace of runs in their half, and the game seemed lost for the Business Men when Stevens fanned the first batter, and the next popped an easy fly to Uddenberg. Dillan hit through Thorildson, who let the ball get past him, and scored on Soderlund's single to right. Stallman advanced Soderlund on his drive through left, and Gaskill's long double over the left fielder's head scored Soderlund, and placed Stallman on third. But with two on the bags, Stevens tightened up, and struck out Lepinski for the third out.

John Cummins umpired the game, and won the plaudits of the crowd with his fine handling of the game, the old-timers recalling his work in an official capacity a number of years ago, when he was the umpire at most of the home games.

## SCORED 102 POINTS IN GRADE SCHOOL TRACK MEET

OVER 500 CHILDREN WITNESSED  
CEREMONY AT 7:15 P.M.

PRESIDENT JOHN F. WOODHEAD,  
OF ROTARY CLUB MAKES  
ADDRESS

The Harrison school won the Rotary Cup, scoring 102 points in the Grade School track meet, their nearest competitor, the Lowell school, totalling 92 points. Because of their victory, the Harrison students have possession of the cup for one year. By winning again next year they will gain permanent possession of it.

Other schools winning points are the Whittier with 29, Washington with 18, St. Francis with 10, and Lincoln with 7.

Floyd Brusseau, Washington school, was the high point winner of the meet, with 12 points, getting firsts in the high jump and 75 yard dash, and a tie for second in the 220 yard dash. Chester Hively, Lowell school, was second high, with 11½ points, his points coming on a first in the 220 yard dash, second in running broad jump, third in standing broad jump, and 2½ points as member of first place relay team. Veronica McGarry, St. Francis school, Dolly Whitman of Harrison, Thomas Taylor and Arthur Holman of the Lowell, and Asle Trommald of the Whittier, each scored two firsts, 10 points each.

The presentation of ribbons took place after the events, on the steps of the Y. M. C. A. Over five hundred children, and many adults, attended the presentation. Members of the Rotary club, which put up the silver cup for the winning school, attended in a body, and helped to pin the ribbons on the breasts of the victors.

John Woodhead, president of the club, in a fitting speech, presented the cup to Miss Green, representing the Harrison school.

## BUSH WINS HIS GAME, 4 TO 3

ST. LOUIS BROWNS PUT THE  
BRAKES ON CLEVELAND  
PITCHER, KARR

The St. Louis Browns yesterday effectually disposed of the Cleveland Indians, winning 4 to 3, at St. Louis. Bush was on the mound, pitched well, gave four passes, assisted in a double play, scored one putout and three assists.

## FINE POINT IN 4TH INNING OF GAME LAST NIGHT

In the game last night between the Shops and the Business Men, a discussion and argument arose over a play in the fourth inning. Three men were on bases, and Ziebell hit the ball toward the right side of the infield, the ball hitting Hanson, who was running from first to second. The man on third was allowed to score, and the man on second allowed to take third. According to the rules, the man hit by the ball is out, and the batter credited with a base hit. This was done.

The discussion arose from a claim by the Business Men that the other runners should not be allowed to advance, one having reached home for a score, and the other going to third. This claim was not allowed by the umpire, and several of the Business Men players were given sideline advice to "read the rules."

This splendid advice has been followed, and the protesting players submit the following in vindication of their claim:

"Official Baseball Rules, for 1925, taken from the Reach and also from the Spalding Official Guides:

"Rule 56. The base runner is out: "Sec. 12. If a fair hit ball strike him before touching a fielder, and in such case no base shall be run, unless necessitated by the batsman becoming a base-runner, but no run shall be scored or any other base-runner put out until the umpire puts the ball back into play."

## OPENING GOLF TOURNAMENT OF SEASON MAY 30

LITTLE FALLS AND BRAINERD  
CLUBS TO ENGAGE IN  
PLAY

LARGE DELEGATION IS EXPECTED  
FROM THE DOWN-  
RIVER CITY

The Brainerd country club extends an invitation to all members to attend the opening tournament of the season, between Little Falls and Brainerd, on Saturday afternoon at 1:30 o'clock.

Quite a large delegation is expected from the down-river city, and the opening of the season is to be attended by one of the most pleasant events staged by the local club.

The local golf course never was in better condition for a tournament, according to the committee in charge, and members of the club have been perfecting their play, so that they expect to prove formidable opponents to the Little Falls aggregation. Several new members who have united with the club this season, are already getting into such good form that they may be used in the tournament tomorrow, although the personnel of the team has not been announced.

Hot supper will be served from 4:30 to 6 o'clock on Saturday afternoon by the following junior members of the country club: the Misses Genevieve Flanagan, Elizabeth Murphy, Evelyn Ryan, Jane Clark, Margaret Webb, assisted by the social committee.

New furniture and a stove have been purchased by the ladies for the club house. Members are asked to bring cup, plate and silverware for the supper tomorrow evening.
